

PARENT INTERVIEW PROTOCOL FOR SUMMER ZOOLOGY WORKSHOPS

- **Appreciate your making the time to talk to me today.**
- **Your daughter recently finished a Zoology Workshop at the University. This workshop involved a big commitment for students.**
- **The workshop leaders also want to communicate well with parents.**
- **Main reason we're talking is so that I can find out if you feel well-informed about the workshop and if you have suggestions for improving it. I'd also like your thoughts on the kind of experience your daughter had in the workshop.**
- **I'm going ask you a series of questions. Altogether, we should finish this interview in an hour or less.**
- **Your answers will be anonymous; your name (and the name of your daughter) will not be used when we summarize the results of these interviews.**

1. Once your daughter was signed up, do you feel that you received adequate information about the Zoology Workshop?
2. What were your main sources of information about the Zoology Workshop?
3. Did your daughter talk to you regularly about the Zoology Workshop? If so, what did she talk about?
4. How would you describe your daughter's attitude toward the Zoology Workshop?
5. What do you think were the best parts of the Zoology Workshop experience for your daughter?
6. What do you think were the drawbacks of the Zoology Workshop experience for your daughter?
7. What is your own reaction to the Zoology Workshop?
8. What do you think are the strengths of the Zoology Workshop?
9. What would you recommend changing in the Zoology Workshop?
10. Do you think your daughter is more interested in science after taking the Zoology Workshop? Is she more likely to consider a science career?

Thank you so much for your feedback about the Zoology Workshop. Again, I really appreciate your willingness to spend time helping us out.
